

SAVAL is the one for you!

It's important to know your rights and benefits at work, and to insist on them. That's why I recommend joining The Professional Coaches of Finland (SAVAL), for first class service at an affordable price.

It pays to be a member, because SAVAL:

- is specialised in serving professional coaches
- knows the special features of your job and sector
- gives you free access to training for supervisors and specialists
- also provides many leisure time benefits
- has a fixed membership fee regardless of your income

SAVAL gives you high standard, personal services throughout your career, including:

- when making an employment contract
- when negotiating pay
- when considering holiday and working time questions
- when you need help understanding the law at work

It's easy to change unions

- you can authorise SAVAL to terminate your previous membership
- you will retain your acquired status, such as eligibility for earnings-related unemployment benefit

Remember to tell us who recommended us to you

SAVAL rewards members who recruit new members, so please remember to include the name and e-mail address of the member who recommended us in the *Additional information* section of the application form.

SAVAL
membership and
unemployment fund
subscription fee:

EUR **28**
per month
